## AND RELATED COUNTERCLAIMS

1           WHEREAS in order to streamline the presentation of the trial in this action,  
2 Plaintiff Silicon Image, Inc. has decided it will not be pursuing claims that Analogix has  
3 contributorily infringed or induced infringement of any Silicon Image copyrights;  
4 however, Silicon Image will continue to pursue its claim that Analogix has directly  
5 infringed certain Silicon Image copyrights;

6           WHEREAS Silicon Image has also decided that it will not pursue a claim for  
7 intentional interference with contractual relations; however, Silicon Image intends to  
8 maintain its claim for unfair competition under California Civil Code §§17200 *et seq.*

9           NOW, THEREFORE, the parties to this action hereby stipulate that Silicon Image,  
10 Inc.'s claims against Analogix Semiconductor, Inc. for (1) inducement of infringement of  
11 Silicon Image's copyrights; (2) contributory infringement of Silicon Image's copyrights  
12 and (3) intentional interference with contractual relations are DISMISSED;

13           IT IS FURTHER STIPULATED that the dismissal of each of Silicon Image, Inc.'s  
14 claims against Analogix Semiconductor, Inc. for (1) inducement of infringement of  
15 Silicon Image's copyrights; (2) contributory infringement of Silicon Image's copyrights  
16 and (3) intentional interference with contractual relations shall be WITH PREJUDICE.

17           IT IS FURTHER STIPULATED that Analogix will not seek the recovery of the  
18 attorneys fees and costs it has expended to date solely in defending Silicon Image, Inc.'s  
19 claims against Analogix Semiconductor, Inc. for (1) inducement of infringement of  
20 Silicon Image's copyrights; (2) contributory infringement of Silicon Image's copyrights  
21 and (3) intentional interference with contractual relations.

22           IT IS SO STIPULATED.
